

4/24/18

To Whom It May Concern,

Hello. My name is Kenneth Stotts and I am the orchestra teacher at Sunset Middle School in Longmont, Colorado. I have been a professional colleague of Mr. Nathan Wubbena here at Sunset for the past three years. We have collaborated as educators many times during this time and have gotten to know each other quite well. It is my intention to convey my unwavering support for Mr. Wubbena in his desire to apply for this position.

Nathan is an outstanding middle school choir teacher. He is extremely professional at all times, yet is able to relate well to the diverse mix of students here at Sunset. He works well with colleagues and is always quick to volunteer whenever there is something that needs to be done. Nathan is an excellent musician and choir conductor. I have degrees in choral music and voice myself and have been very impressed with his abilities.

For the past two years, Nathan has organized and conducted a select a cappella vocal group. He does this on his own time, after school. The group has performed at many functions, here at Sunset and in the community. It is a wonderful group that provides students an additional outlet for their talents. Nathan is also very involved with district and all state honor groups, as well as hosting an a cappella vocal camp here at Sunset during the summer.

I cannot recommend Nathan highly enough for this position. Although it would be a great loss to Sunset, I believe Nathan would be a great success wherever he chooses to work.

Please contact me if you have any further questions. My email is: stotts_kenneth@svvsd.org and my phone number is: 720-217-1811. Thank you.

Sincerely

Kenneth Stotts
